Rules:

- Play one set and record the score above. Championship tie-break at 6-6 if necessary (under 14 girls play a deciding game if score reaches 5-5)
- Matches must not be booked during Tuesday, Friday and Saturday social tennis sessions. Court 4 may be booked during the Sunday social tennis session.
- In the event that two players have the same total the player who has played the most games will be given higher status, if the same number of games have been played, the result between the two tied players will determine the winner. In the event of a draw in that game, or a three-way tie, we will look at the number of wins and if necessary, toss a coin to decide.
- If a player finds themselves unable to compete in the league due to injury or other reasons, they should let the tournament organiser know immediately on tournaments@hamptontennis.org.uk If they have played 4 games or more, their scores will stand in those games, and where they have not yet played games, the score will be deemed to be 10-0 to the other player. If the player has played 3 games or less then all their scores will be scratched.
- If two players have arranged a match and one has to pull out for any reason, every effort should be made by both parties to re-arrange the match. If this is not possible, then the player who has had to pull out concedes the match 10-0.
- Players should make every effort to arrange their matches in a timely fashion to give both parties a chance of finding a mutually convenient time. If you can only play at very restricted times due to other commitments then the onus is on you to contact the other players early on to give them time to accommodate you. In the event that two players are unable to agree a mutually convenient date, they should refer the matter to the tournament organiser on tournaments@hamptontennis.org.uk.
