C	Rodger Charlton						
D	Dan Smyth						
E							
F							

Hampton-in-Arden Tennis Club

Singles box league tournament

Next box league: If you wish to be included in the next box league, please write your name below.

Communication by email with tournament organiser:

Please use the following email address: tournaments@hamptontennis.org.uk

Rules:

- Play 12 games and record the score on line as, for example 10-2. The system will award you an extra 2 points to your score for playing the game. At the end of the period the total scores for each individual will determine the ranking for each league. Normally the two highest ranked players will move up a league and the two lowest ranked players down a league, although the tournament committee reserves the right to change this if appropriate to try to balance the number of members in each division as a result of members wishing to join or leave the leagues.
- Matches must not be played on courts which are booked for other events eg Tuesday, Friday, Saturday and Sunday social tennis sessions.
- In the event that two players have the same total and are in the promotion or relegation zone, the player who has played the most games will be given higher status. If the same number of games have been played, the result between the two tied players will determine who goes up or down. In the event of a draw in that game, or a three-way tie, we will look at the number of wins and if necessary, toss a coin to decide.
- If you are unable to compete in the league due to injury or other reasons, please let the tournament organiser know immediately by email. If you have played 4 games or more your scores will stand in those games, and where you have not yet played games, the score will be deemed to be 8-0 to your opponent who will also receive the two points for playing the match. If you have played 3 games or less then all your scores will be scratched.
- If two players have arranged a match and one has to pull out for any reason, every effort should be made by both parties to re-arrange the match. If this is not possible, then the player who has had to pull out concedes the match 8-0 and the opponent will also receive the two points for playing the match.
- Please make every effort to arrange matches in a timely fashion to give everyone a chance of finding a mutually convenient time. If you can only play at very restricted times due to other commitments then the onus is on you to contact the other players early on to give them time to accommodate you. In the event that two players are unable to agree a mutually convenient date, they should refer the matter to the tournament organiser by email.
- In order to be eligible for promotion to the next league a player must have played at least 3 matches. If you are having trouble arranging matches then please let the tournament organiser know by email.
